

Between the Lines

Between the Lines, Second Edition, offers the high intermediate college-bound learner intense and fascinating practice in the development of high-level reading skills for academic purposes. Over 50 different exercise types are found throughout eight thematic content area articles of contemporary relevance. These high-interest readings provide the basis for recognizing and mastering distinct skills, which include skimming, scanning, surveying, generalizing, synopsising, inferring, and concluding. The new edition retains the strength of the original while adding innovative opportunities for implementation and expansion.
