

The Complete Manual For Beginning Management

Are you tired of being told what to do and have someone look over your shoulder? Well , I have a solution. My book will give you the knowledge and confidence to become the BOSS! I know all about being the little man. I was a laborer , then I went to school to try to better myself. I became a welder. The treatment just kept getting worse! So I went back to college and got my degree in business and finally became the boss. I wrote this book because I didnt get my job because of the degree , It was the knowledge. It was the confidence I had to stand up to the know- it - alls that infest the workplace. I am offering you all of this. I crammed everything you need to know to be successful in 317 pages. No page wasting pictures here. Just very important useful information. I hope you make the right decision. The people close to you will surely benefit along with yourself.
