

Here be Magic (Delaneys Strange Adventures) (Volume 1)

A legacy that shouldn't exist. A secret revealed. The hunt is on. Well-organized Nora Delaney has the sad task of sorting out her dead aunt's estate. No problem, one week and she'll be back home. But then things go pear-shaped and become dangerous. Instead of working through her task list, she finds herself racing through Europe, hot on the trail of what can't possibly exist: Magic. And she's not the only one. Two powerful organizations are hunting for the same. The ultimate prize? To cheat death.
