

Master Index to More Summaries of Childrens Books, 1980-1990

This update to the 1985 edition of Master Index to Summaries of Childrens Books references books appropriate for children through grade six published from 1980-90, and includes multiple editions for source books when applicable. Created to assist librarians and teachers who need to know what various childrens books are about, the summaries indexed are found in bibliographies, childrens literature textbooks, and books of activities based on childrens books. The main entries are arranged by author/editor or title when no one person could be given credit for the work, and separate title and subject indexes serve as an additional way to search for titles.
