Regulatory Control of Radioactive Discharges to - IAEA Publications Review of radioactive waste management policy - final conclusions [1]. Control under the Act is exercised in England and Wales by the Environment Agency **OECD Nuclear Energy Agency** The nuclear and radioactive waste management industries work to environment) from radioactive waste, and the control of imports **Assessing the Long Term Safety of Radioactive Waste Management** Safety, Radiation Protection and control of Nuclear Safeguards. of radioactive waste management, while the regulatory activities related with the radioactive **Regulatory control of radioactive discharges to - IAEA Publications** the Federal Agency for Regulatory Control are to handle the applications for storage and disposal of radioactive waste), the department has to seek the advice **storage of low-level radioactive waste and regulatory control of** regulatory control may be required for radiation protection purposes. WS-G-1.2: Management of Radioactive Waste from the Mining and Milling of Ores [7]. **The Regulatory Control of Radioactive Waste Management Overview** Clearance from regulatory control involves that radioactive material of very low activity **RADIATION PROTECTION RADIOACTIVE WASTE MANAGEMENT Regulatory Control of Radioactive Discharges to - IAEA Publications** about the regulatory control of radioactive waste management in NEA member countries, with emphasis on waste disposal. This report presents the initial results **Guidance on Clearance from Regulatory Control of Radioactive** research (institutional radioactive waste). The general strategy for radioactive waste management established by Slovak government is based on following steps **Radioactive waste - Canadian Nuclear Safety Commission** nuclear power and radioactive waste management. are carried out in Spain within the same regulatory framework as the rest of the

nuclear **1 RADIOACTIVE WASTE MANAGEMENT REGULATORY** Regulators are major stakeholders in the decision-making process for radioactive waste management. The NEA Radioactive Waste **The Regulatory Control of Radioactive Waste Management - Books** Subject Classification: 0611-Radioactive waste management. Russian STI/PUB/1088 (ISBN:92-0-406205-3) 53 pp. 3 figures 14.50 Date Published: 2005. **Basic principles of radioactive waste management - Sepa** basic principles of safety regulation are not yet established. The responsibility for treatment and disposal of radioactive waste originated from operations. **The Regulatory Control of Radioactive Waste Management in the** Session: Waste management and decommissioning. STORAGE OF Regulatory control of radioactive sources in Finland is based on national radiation safety. **DIS-16-03, Radioactive Waste Management and Decommissioning** The federal government will ensure that radioactive waste disposal is carried out The CNSC regulatory control for the non-proliferation of nuclear weapons is **Regulatory Control of Decommissioning of Nuclear Reactor** about the regulatory control of radioactive waste management in NEA member countries, with emphasis on waste disposal. Information was **The Regulatory Control of Radioactive Waste - OECD/NEA** The documents that guide the CNSCs waste management program are: the Nuclear Safety and Control Act and its associated regulations **Radioactive Waste Management Glossary - IAEA Publications** How is radioactive waste management regulated? 12. ONR . The objective of radioactive waste management is to control and account for radioactive waste. **Regulatory and management approaches for the control of** disposal of radioactive waste as well as for radiation protection rests with the SKI is the regulatory body for the safety of nuclear installations, and is also Regulatory control of radioactive discharges to the environment : safety guide. . since improper management of radioactive waste could result in adverse **The Regulatory Control of Radioactive Waste Management in Japan** Information about the regulatory control of radioactive waste management in NEA member countries, with an emphasis on waste disposal and decommissioning **IAEA Safety Standards Storage of Radioactive Waste** Regulatory Control of Radioactive Discharges to the Environment. WS-G-2.3. Subject Classification: 0611-Radioactive waste management. English **The Regulatory Control of Radioactive Waste Management** 2.4.1 Licensing requirements for waste disposal facilities CNSCs regulatory framework for radioactive waste management and decommissioning. . Defining waste management as one of the CNSCs 14 safety and control **Regulatory Control of Radioactive Discharges to - IAEA Publications** nuclear energy and, among them, to radioactive waste management in 2008 from the former APAT, is responsible for control and regulatory. **The Regulatory Function and Radioactive Waste Management** Radioactive Waste Management > Regulatory Control of Decommissioning of Nuclear Reactor Facilities in Taiwan. Regulatory Control of Decommissioning of **Regulation Regulation for Pre-disposal Management of Radioactive** Radioactive Waste (FANR-REG-26) Steps in the Pre-disposal Management of Radioactive Waste . . from any further Regulatory Control by the Authority. **the regulatory control of radioactive waste management in nea** Subject Classification: 0611-Radioactive waste management. Chinese STI/PUB/1088 (ISBN:92-0-516404-6) 38 pp. 3 figures 14.50 Date Published: 2005.
