

Snow Dreams (Snow Rises) (Volume 1)

Waiting along the riverbank under the dark night she watches the quiet chaos in the distance. Patiently she lets the horror unfold. She sees her death approaching with arms wide open. She embraces it. It crashes over her with unimaginable force. Yet the eyes through which she watches are not her own. The memories of this death haunt her. Yet she is beginning to understand that they do more than torment her mind. They are changing her. Changing what she is capable of and forever changing her perception of the world as she is torn from her content ordinary life. It will take all she has to hold on to those she loves and most of all, not be torn from herself. The first installment of the Snow Rises series exposes the phenomenon born from the great tragedies of this world and those whose lives are forever changed by the gift and curse it brings.
