

## The Devils Jukebox

A burned out immortal joins forces with a reluctant ghost hunter in order to save the Muses from the machinations of a seductive villainess. Edited by Shirarose Wilensky Cover Design: Sam Soto Design It started twenty years ago in Vancouver, B.C., when Jonathan Satori discovered that he could speak to the dead, and that his best friend Phillip was immortal. Now, in modern day Los Angeles, Jonathan is reunited with his high-school friends and learns a few more things that surprise the hell out of him. He learns that the Greek deities known as the Muses are real, and they are in trouble; and he learns that Phillip has dedicated his life to protect the Muses from the selfish desires of a renegade immortal named Pandora. With the help of a beautiful DJ, Jonathan realizes that his spirit-speaking abilities can guide him towards The Devils Jukebox; which will re-inspire the Muses and stop Pandora. Music becomes a sought after commodity as Jonathan and friends learn that songs have a power that moves beyond mere sound. Their journey is perilous, and along the way the companions struggle with love, loss, and the bonds of blood and friendship that stretch beyond the confines of life and death. This novel is not just about saving the Muses, its about the fight between Destiny and Fate, and choosing your own path. The Devils Jukebox is for people who enjoy vampires, people who enjoy music, and people who enjoy the highways for the movement more than the destination.
