

The Dream Dilemma: Reflections of EL Book 2

Deidre has been having disturbing dreams. At times, they even appear to be visions of the future. She wishes nothing but the best for her sister Kelly and her new husband, Dyllon but her nighttime excursions seem to revolve around the recent groom. In her dreams, the couple are having problems. There is a dark force directing Deidres dreams for its own agenda. Are Deidres efforts to help Kelly and Dyllon, motivated by this insidious evil or perhaps by Deidres own selfish needs? Things are not always what they seem in this story of love and hope, which picks up where book one left off.
