

## A Testimony of Christ

A TESTIMONY OF CHRIST concludes this three book series with the authors personal spiritual journey and investigation of the cause behind the existence of thousands of separate Christian religions. This series conclusion considers evidence of a work in comparable length and purpose to the Bible in which the resurrected Christ appears to the other sheep he promises in the Bible would hear his voice, a work which claims its purpose to be the laying down of all spiritual confusion and contention, and the reconciliation of all spiritual truth, into One Great Whole.
